

# Welcome to RediMDWM!

Congrats on choosing your health  
and the best version of yourself!

Follow these steps to register your account for visits, invoices, refills, and pharmacy shipping.

**Important:** Even if you received a paper prescription in person, you must complete Steps 1-3 to set up your account for shipping and follow-up appointments.

1

## Visit the Website

Go to <https://redimdwm.com/>

You can also download the app now or later.

2

## Get Started

Click the blue "Start your Journey Today" button to enter your weight, height, and goal weight. Click the "View Pricing" button to see costs for the different medications and dosages.

3

## Enter Your Info

Fill in your name, email, mobile phone, and mailing address. The email address is important for setting up follow-up appointments and sending invoices. The address entered must be where medicine will be shipped. There is no retail pickup location.

4

## Schedule a Visit

Book an online visit with a provider. Choose the date and time that works best for you!

5

## Get Your Medication

After your visit, you'll receive an invoice by email. Once paid, your prescription is sent to the specialty pharmacy, processed, and shipped with tracking info emailed to you.

**Shipping Note:** The pharmacy does not ship Friday-Sunday and is closed weekends.  
Plan accordingly when placing your order.
